

23 MAY 2023 H 16.30

MUNICIPAL ROOM, MELLE (CN),
IN FRONT OF BIRROSCHIO (EX FIOCA)

From Europe to Val Varaita

The living laboratories of agroecology

THE AGROECOLOGICAL LIVING LAB OF VAL VARAITA MEETS THE EUROPEAN PARTNERS OF AE4EU PROJECT

An agroecological Living lab (AELL) is defined as transdisciplinary approaches which involve farmers, researchers and all other actors of the agri-food sector in co-learning, co-design, monitoring, and evaluation of agroecological practices to develop innovative solutions aimed at fostering agroecological principles and transitions in the community.

15.30 - FIELD VISIT AT 'LA MILPA' (a collective garden in Piasco)

- Presentation of 'La Milpa' and related projects.

16.30 - WELCOME (MUNICIPAL ROOM, MELLE)

- Participants' presentation

17.30 - MEETING THE AGROECOLOGICAL INITIATIVES AND THE LIVING LAB OF VAL VARAITA

- Cresco - CSA
- Fattoria dei Paiei - semi-wild breeding
- Biula - harvest of Birch Sap
- Antagonisti - Multifunctional and diversified initiative (from brewery to farming)
- Unione Montana - institutional role in the valley and in the living lab
- The path of the living lab in Val Varaita from 2021
 - challenges, solutions and collaborations

With the participation of initiatives, institutions, and living labs' members.

17.50 - MEETING WITH THE OTHER LIVING LABS OF THE PROJECT

- the National Dutch living lab (online)
- the Local English CSA

With the participation of facilitators and researchers of the 2 living labs.

18.00 - CO-CREATING THE FUTURE OF THE LIVING LAB

Participatory activity on the roles, expectations, and needs among producers, researchers and policy-makers populating the living lab.

AE4EU

See you in There!
